Stage Manager Console Design

Control and automation systems maintain the control of event flow to be required for all stage systems (automation, sound, spotlight, timing, etc.). Stage manager can predetermine the form and applications of console according to requirements of the stage and event to be shown, and build and realize the scenario flow in a true order.

Connector Panel & Box

Sahne Yönetim Konsolu Tasarımı

Kontrol ve otomasyon sitemleri tüm sahne sistemleri için gerekli olabilecek etkinlik akışının (otomasyon, ses, ışık, zamanlama, vb.) kontrolünü sağlar. Sahnenin ve gösterilecek etkinliğin ihtiyaçlarına göre sahne yöneticisi, konsolun şekline ve uygulamalarına önceden karar verebilir, bütün senaryonun akışını doğru bir sıra kurgulayıp - gerçekleştirebilir. Kontrol masasının temel özellikleri, ihtiyaçlara göre geliştirilebilir.
